IN THE UNITED STATES DISTRICT COURT FOR THE EASTERN DISTRICT OF VIRGINIA, NORFOLK, VIRGINIA.

Civil Action No. 4658

MRS. EVELYN BUTTS, Plaintiff,

vs.

ALBERTIS HARRISON, Governor, Capitol Square, Richmond, Virginia, MISS MARY DUDLEY, City Registrar, City Hall Annex, Norfolk, Virginia, ALEX H. BELL, City Treasurer, City Hall, Norfolk, Virginia, WILLIAM PRIEUR, Clerk, The Corporation Court, Norfolk, Virginia, Defendants.

COMPLAINT—Filed May 19, 1964

1. The jurisdiction of this Honorable Court is invoked under the following constitutional and statutory provisions:

A. The First, Thirteenth, Fourteenth and Fifteenth Amendments to the Constitution of the United States of America.

B. Title 28, United States Code, Sections 1331, 1332, 1343, 2201, 2202, 2281 and 2284.

C. Title 42, United States Code, Sections 1981, 1982, 1983, 1984.

2. The Plaintiff is a citizen of the United States, the Commonwealth of Virginia, and the City of Norfolk. Further she is a member of the Negro Race as well as a member of the community, who possesses all of the qualifications for voting, including age, intelligence, residence, character, citizenship, etc., but is presently unable to pay the poll tax penalty which is required in order to vote in Virginia.

[fol. 4] 3. Defendant *Albertis Harrison* is the Governor of the Commonwealth of Virginia, its Chief Executive and Administrative Officer whose duty is to administer and re-

curiae.law.yale.edu

quire the administration of the poll tax penalty laws of the Commonwealth of Virginia.

Defendant *Miss Mary Dudley* is the Registrar for the City of Norfolk, Virginia whose duty is to record and maintain racially segregated voting records for use by political officials, and to deny for registration all persons who have not paid the poll tax penalty.

Defendant *Alex H. Bell* is the Treasurer for the City of Norfolk, Virginia, whose duties include collection of the poll tax penalty and the preparation of racially segregated poll tax payment lists, copies of which are provided the Clerk of the Corporation Court of the City of Norfolk, Virginia.

Defendant *William Prieur* is the Clerk of the Corporation Court of the City of Norfolk, whose duties include certifying and preparing copies of the poll tax lists received from Defendant Treasurer Alex H. Bell, for use by election officials to determine what persons are qualified to vote.

4. Plaintiff is an adult Negro citizen of small financial means barely adequate to provide for the necessities of living. There are uncounted and unknown other adult Virginia citizens, Negro and White, who are recipients of welfare, social security, unemployment compensation, small pensions, who can ill afford to pay money for other than food, clothing and shelter. There are also great numbers of citizens who are employed in sub-marginal jobs and who must support families on salaries of less than $25.00 per [fol. 5] week. In fact, the great majority of the citizens of Virginia receive income barely sufficient to pay for the absolute necessities of life such as food, shelter and medical care, but are otherwise qualified to vote. The imposition of the poll tax prevents many of these people from voting and constitutes an economic hardship on those who do vote.

5. This action is brought pursuant to Rule 23(A) of the Federal Rules of Court Procedure on behalf of all such citizens of Virginia whose numbers make it impracticable to have them joined as Plaintiffs.

For a First Claim

6. Although the named Plaintiff meets all of the other requirements for voting under the laws of Virginia, she

curiae.law.yale.edu

cannot exercise her right to vote because she is unable to pay the poll tax penalty required by the Virginia Constitution and statutes enacted pursuant thereto, the relevant portions of which are as follows:

The Virginia Constitution

1. *Section 18* "Every citizen of the United States, twenty-one years of age, who has been a resident of the State one year, of the County, City or Town six months, and of the precinct in which he offers to vote, has been registered, and has paid his State poll taxes, as hereinafter required, shall be entitled to vote for members of the General Assembly and all officers elective by the people; but removal from one precinct to another, in the same county, city or town shall not deprive any person of his right to vote in the precinct from which he has moved until the expiration of thirty days after such removal.

The right of citizens to vote shall not be denied or abridged on account of sex."

[fol. 6] 2. *Section 20* "Every citizen of the United States, having the qualifications of age and residence required in section eighteen, shall be entitled to register, provided.

First. That he has personally paid to the proper officer all State poll taxes legally assessed or assessable against him for the three years next preceding that in which he offers to register; or, if he come of age at such time that no poll tax shall have been assessable against him for the year preceding the year in which he offers to register, has paid one dollar and fifty cents, in satisfaction of the first year's poll tax assessable against him; and

Second. That unless physically unable, he make application to register in his own handwriting, without aid, suggestion or memorandum, in the presence of the Registration Offices, stating therein his name, age, date and place of birth, residence and occupation at the time and for the one year next preceding, and whether he has previously voted, and if so, the State, County and Precinct in which he voted last; and

Third. That he answer on oath any and all questions affecting his qualifications as an elector, submitted to him by the Registration Officer, which questions and his answers

curiae.law.yale.edu

thereto shall be reduced to writing, certified by the said officer, and preserved as a part of his official records.

3. *Section 21* "A person registered under the general registration of voters during the years nineteen hundred and two and nineteen hundred and three, or under the last section, shall have the right to vote for all officers elected by the people, subject to the following conditions:

[fol. 7] That unless exempted by section twenty-two, he shall as a prerequisite to the right to vote, personally pay, at least six months prior to the election, all State poll taxes assessed or assessable against him, under this Constitution, during the three years next preceding that in which he offers to vote.

If he shall have registered after the first day of January, nineteen hundred and four, he shall, unless physically unable, prepare and deposit his ballot without aid, on such printed form as the law may prescribe; but any voter registered prior to the date may be aided in the preparation of his ballot by such officer of election as he himself may designate."

4. *Section 38.* "The Treasurer of each county and city shall, at least five months before each regular election, file with the clerk of the Circuit Court of his county, or of the corporation court of his city, a list of all persons in his county or city who have paid not later than six months prior to such election, the State poll taxes required by this Constitution during the three years next preceding that in which such election is held; which lists shall be arranged alphabetically, by magisterial districts in the counties, and in such manner as the General Assembly may direct in the cities shall state the white and colored persons separately, and shall be certified by the oath of the treasurer. The Clerk, within ten days from the receipt of the list shall make and certify a sufficient number of copies thereof, and shall deliver one copy for each voting place in his county or city, to the sheriff of the county or sergeant of the city, whose duty it shall be to post one copy, without delay, at each of the voting places, and within ten days from the [fol. 8] receipt thereof, to make return on oath to the clerk, as to the places where and dated at which said copies were respectively posted, which return the clerk shall

curiae.law.yale.edu

record in a book kept in his office for the purpose; and he shall keep in his office, for public inspection, for at least sixty days after receiving the list, not less than ten certified copies thereof, and also cause the list to be published in such other manner as may be prescribed by law. The original list returned by the treasurer shall be filed and preserved by the clerk among the public records of his office for at least five years after receiving the same.

Within thirty days after the list has been posted, any person who shall have paid his capitation tax, but whose name is omitted from the certified list, may after five days written notice to the treasurer, apply to the circuit court of his county, or corporation court of his city, or to the judge thereof in vacation, to have the same corrected and his name entered thereon, which application the court or judge shall promptly hear and decide.

The clerk shall deliver, or cause to be delivered, with the poll tax books, at a reasonable time before every election, to one of the judges of election of each precinct of his county or city, a like certified copy of the list, which shall be conclusive evidence of the facts therein stated for the purpose of voting. The clerk shall also, within sixty days after the filing of the list by the treasurer, forward a certified copy thereof, with such corrections as may have been made by order of the court or judge, to the officer designated by law, who shall exchange the amount of the poll taxes stated therein to such treasurer unless previously accounted for.

[fol. 9] Further evidence of the prepayment of the capitation taxes required by this Constitution, as a prequisite to the right to register and vote, may be prescribed by law."

The Code of Virginia

1. *Section 24-17.* "Every citizen of the United States twenty-one years of age, who has been a resident of the State one year, of the county, city or town six months, and of the precinct in which he offers to vote thirty days next preceding the election, in which he offers to vote, has been duly registered, and has paid his poll taxes, as required by law, and is otherwise qualified, under the constitution and laws of this State, shall be entitled to vote for members of the General Assembly and all officers elective by the people.

curiae.law.yale.edu

Removal from one precinct to another in the same county, city or town, shall not deprive any person of his right to vote in the precinct from which he has moved, until the expiration of thirty days from such removal.''

2. *Section 24-22.* ''The qualification of voters at any special election shall be such as are hereinbefore prescribed for voters at general elections, but at any such special election, held before the second Tuesday in June of any year, any person shall be qualified to vote who was so qualified at the last preceding regular November election, or who is otherwise qualified to vote, and has personally paid, at least six months prior to the second Tuesday in June of that year, all State poll taxes assessed or assessable against him during the three years next preceding that in which such special election is held, and at any such special election, held on or after the second Tuesday in June in any year, any person shall be qualified to vote who is or was qualified [fol. 10] to vote at the regular election held on the Tuesday after the first Monday in November of that year. The ''special election'' as used in this section shall be deemed to include such elections as are held in pursuance of any special law, and also such as held to fill a vacancy in any office, whether the same be filled by the qualified voters of the State, or any county, city, magisterial district or ward.''

3. *Section 24-67.* Each registrar shall register every citizen of the United States, of his election district, who shall apply to be registered at the time and in the manner required by law, who shall be twenty-one years of age at the next election, who has been a resident of the state one year, of the county, city or town six months, and of the precinct in which he offers to register thirty days next preceding the election, who, at least six months prior to the election, has paid to the proper officer all State poll taxes assessed or assessable against him for three years next preceding such election, or if he come of age at such time that no poll taxes shall be assessable against him for the year preceding the year in which he offers to register, has paid one dollar and fifty cents in satification of the first years poll tax assessable against him.''

7. Defendants and their agents have and will strickly enforce payment of the poll tax as a prerequisite to voting.

8. The subject laws recognize that payment of a poll tax

curiae.law.yale.edu

penalty works a hardship on those citizens without financial means by exempting widows of Confederate Soldiers (Section 22 of the Virginia Constitution), and by providing that the poll tax penalty shall not constitute a lien and cannot be collected save when a citizen wishes to vote (Section 173, the Constitution of Virginia).

[fol. 11] 9. A prime purpose and design of the Virginia laws requiring the payment of a poll tax penalty to vote, is to invalidate the protections of citizenship provided under the United States Constitution, especially the Fourteenth Amendment thereof.

10. The laws requiring the payment of the poll tax penalty to vote deny your Plaintiff the right of petition, redress and freedom of speech under the First Amendment to the United States Constitution.

11. The laws requiring the payment of the poll tax penalty to vote deny to Plaintiff the equal protection of the laws, and deprive her of liberty and property without due process of law under the Fourteenth Amendment to the United States Constitution in that those citizens of financial means are afforded a right which is denied to the Plaintiff solely because she is without financial means.

12. The effect of poll tax is to prevent a substantial number of otherwise eligible citizens of the Commonwealth of Virginia from voting in elections of the Commonwealth and the political subdivisions thereof, and to inhibit in a substantial way the participation in elections of many of the citizens who possess all the other qualifications but, because of their economic class, are prevented from fulfilling their duty as citizens to exercise their right to vote and to participate in the political life of the Commonwealth.

For a Second Claim

13. The laws attacked in this action have clearly indicated that racial discrimination is one prime purpose of the poll tax laws by insisting that the poll tax payment list be segregated by race (The Constitution of Virginia, Section 38), and by providing punishment and fines for those officials who do not racially segregate the poll tax payments (Section 24-126; Code of Virginia, 1950 Amended).

[fol. 12] 14. The laws requiring the payment of the poll tax penalty to vote violate the Thirteenth Amendment to the

curiae.law.yale.edu

United States Constitution in that it burdens your Plaintiff with one of the badges of slavery, arbitrary denial of the right to participate in government.

15. These laws are further discriminatory within the prohibition of the Fourteenth Amendment because they provide that the revenue derived the poll tax shall be used for the public schools of Virginia, which are required by the Virginia Constitution to be segregated, this being a clearly illegal and unconstitutional purpose.

16. The said laws also violate the Fifteenth Amendment, which guarantees to citizens freedom from denial or abridgment to the right to vote on account of race, color or previous condition of servitude.

17. A. Unless this Honorable Court act at once, your Plaintiff and the thousands of her class will be denied their right to participate in every special election, and the election for councilman to be held in the City of Norfolk, Virginia in June of 1964.

B. The Plaintiff and her class are without any remedy or relief at law, and they are suffering and will continue to suffer irreparable and immediate injury of the first magnitude.

Wherefore, your Plaintiff prays that this Honorable Court will:

1. Immediately convene a Three-Judge District Court.
2. Issue a declaratory judgment finding the subject laws to be null and void.
3. Issue—after hearing of this action—a permanent injunction against enforcement of the subject laws, and
4. Issue such other and further orders as to this Honorable Court shall seem just and meet.

Mrs. Evelyn Butts, By J. A. Jordan, Jr., Counsel.

ANSWER OF THE DEFENDANT, ALBERTIS HARRISON, GOVERNOR—Filed June 22, 1964.

First Defense

The complaint fails to state a claim against defendants upon which relief can be granted.

Second Defense

The plaintiff has no right to bring this suit *in forma pauperis.*

Third Defense

In the alternative, this defendant alleges and avers that the plaintiff lacks the capacity and standing to bring this suit.

Fourth Defense

This Court lacks jurisdiction over the persons and over the subject matter of this action.

[fol. 32] Fifth Defense

1. This defendant denies that this Court has jurisdiction under any of the amendments, titles or code sections cited in paragraph 1 of the complaint.

2. This defendant is without information sufficient to form a belief as to the truth or falsity of the averments of paragraph 2 of the complaint.

3. With reference to the averments in paragraph 3 of the complaint, said defendant

(a) admits that Albertis Harrison is the Governor of the Commonwealth of Virginia, its Chief Executive and Administrative Officer, whose duty it is to administer and require the administration of the laws of the

curiae.law.yale.edu

Commonwealth, but denies the remaining averments concerning Albertis Harrison;

(b) admits that Miss Mary Dudley is the Registrar for the City of Norfolk, Virginia, whose duty it is to record and maintain certain records, but denies the remaining averments concerning Miss Mary Dudley;

(c) admits that Alex H. Bell is the Treasurer for the City of Norfolk, Virginia, whose duties include the collection of certain taxes, the preparation of certain tax payment lists and the providing of the same lists to the Clerk of the Corporation Court, but denies the remaining averments concerning Alex H. Bell;

[fol. 33] (d) admits that William Prieur is the Clerk of the Corporation Court of the City of Norfolk, Virginia, whose duties include making and certifying copies of certain lists received from the Treasurer for use by certain election officials, but denies the remaining averments concerning William Prieur.

4. This defendant is without information sufficient to form a belief as to the truth or falsity of the averments of paragraph 4 of the complaint.

5. This defendant denies that the plaintiff is entitled to bring this action under Rule 23 (a) of the Federal Rules of Civil Procedure, as averred in paragraph 5 of the complaint. Further, this defendant alleges that the remainder of paragraph 5 does not require an answer.

6. This defendant is without information sufficient to form a belief as to the truth or falsity of the averments, down to the colon, in the first paragraph of paragraph 6 of the complaint. With reference to the remainder of paragraph 6, this defendant admits that the plaintiff attempts to set forth therein various provisions of the Constitution and Code of Virginia, but denies that the purported quotations of the designated portions thereof are completely accurate. Further, this defendant avers that Sections 18, 20, 21, and 38 of the Constitution of Virginia and Sections 24-17, 24-22, and 24-67 of the Code of Virginia speak for themselves and, therefore, the remaining averments, if any, of paragraph 6 do not require an answer.

[fol. 34] 7. With reference to the averments of paragraph 7 of the complaint, this defendant admits that as Governor

curiae.law.yale.edu

it is his duty and responsibility to enforce the laws of the Commonwealth, but states that he is without information sufficient to form a belief as to the truth or falsity of the remaining averments in said paragraph.

8. This defendant denies the averments of paragraphs 8, 9, 10, 11, 12, 13, 14, 15, 16, 17 A, and 17 B of the complaint.

Wherefore, said defendant demands that this Court refuse to grant any of the prayers of the plaintiff and further demands that this action against the named defendants be dismissed with costs and counsel fees herein incurred paid by the plaintiff.

Motion of Defendant Albertis Harrison Objecting to Interrogatories—Filed June 26, 1964.

Now comes the defendant, Albertis Harrison, Governor, Commonwealth of Virginia, by counsel, in the above styled cause and makes the following objections to the written interrogatories served herein by the plaintiff:

curiae.law.yale.edu

1. All the interrogatories propounded are objected to on the ground that obtaining the answers thereto will require an excessive and oppressive amount of investigation, compilation, collation and analysis of great masses of material, all of which will be expensive and excessively time consuming for this defendant; that the information sought is all a matter of public record to which records the plaintiff has access and the burden and effort of gathering it should fall on the plaintiff, not on the defendants; that, in blunt terms, the de- [fol. 37] fendants are being asked to prepare the plaintiff's case for her and provide her with a convenient means of introducing her evidence and this they cannot be compelled to do, and that for these reasons these interrogatories are a calculated annoyance and oppression of the defendants.

2. All the interrogatories propounded except Nos. 4 and 5 are objected to on the ground that they are not relevant or material to the subject matter of this action. Oral argument on this motion is requested.

Wherefore, this defendant moves this Court for an order striking out said interrogatories and excusing him from answering them.

2. That each of the following statements is true:

(a) Plaintiff Evelyn Butts is eligible to vote in state elections in all particulars except that she has not paid the poll tax.
(b) Plaintiff Evelyn Butts registered and voted in the last Federal elections.
(c) 1. The constitution and laws of Virginia require all people who wish to vote in state elections to pay a capitation or poll tax of $1.50 each year [fol. 54] except those people exempted by statutory or constitutional provision.

curiae.law.yale.edu

2. Said poll tax is legally required to be paid for the three years next preceding the year in which a person offers to register to vote.

(d) Said poll tax cannot be collected by legal action for three years after it becomes due.

(e) The Supreme Court of Virginia stated in the case of *Campbell* v. *Goode,* 172 Va. 463, 2 S.E. 2d 456 (1939):

> "While the Constitution gave to the General Assembly the right to impose a poll tax, it specifically provides against its enforced collection by legal process until three years after it has become due. Its imposition was not intended primarily for the production of reveune, but to limit the right of suffrage to those who took sufficient interest in the affairs of the state to qualify themselves to vote."

(f) The legal requirement of the payment of a poll tax as a prerequisite to registration and voting has caused some otherwise eligible persons not to vote.

(g) 1. The legal requirement of the payment of a poll tax as a prerequisite to voting has a tendency to cause some otherwise eligible persons not to vote.

2. The legal requirement of the payment of a poll tax as a prerequisite to voting exists for the purpose of causing some otherwise eligible persons not to vote.

(h) Mrs. Butts has not paid her current poll tax.

(i) The fact that Mrs. Butts has not paid her current poll tax disqualifies her from voting.

(j) Payment of a poll tax of $1.50 constitutes a greater percentage of the income of a person earning $1,000.00 a year than it does for a person earning $10,000.00 a year.

(k) $1.50 equals .0015% of $1,000.00.

(l) $1.50 equals .00015% of $10,000.00.

[fol. 55] (m) 1. There are a substantial number of Virginia citizens over twenty-one who have not paid their poll tax for three years.

curiae.law.yale.edu

2. There are a substantial number of Virginia citizens over twenty-one who have not paid their current poll tax.

(n) Such people in arrears for three years have to pay at least $4.50 in order to be eligible to vote.

(o) Prior to 1863, nearly all Negroes residing in Virginia were slaves.

(p) Slaves, as a class, could own no property.

(q) At page 30 of the brief filed by defendant Albertis Harrison, Governor, in Federal Civil Action No. 3912, said party stated in part:

> "It must also be noted that although the sole purpose of the imposition of the poll tax by the General Assembly of Virginia as a prerequisite to voting was to limit the right of suffrage to those who took sufficient interest in the affairs of the state to qualify themselves to vote and not to produce revenue. . . ."

(r) Admit that the 1960 Federal Census of Population (being the 18th decennial census of the United States), Vol. I, Part 48, dealing with the characteristics of the population of Virginia, states the following information in Table 65 thereof dealing with income in 1959 of families and unrelated individuals:

1. 15.3% of families and unrelated individuals in the State of Virginia earned under $1,000.00 in 1959.
2. 12.5% of same earned from $1,000.00 to $1,-999.00.
3. 10.9% of same earned from $2,000.00 to $2,-999.00.
4. 10.8% of same earned from $3,000.00 to $3,-999.00.
5. 10.2% of same earned from $4,000.00 to $4,-999.00.
6. 7.5% of same earned from $10,000.00 to $14,-999.00.

curiae.law.yale.edu

7. 12.8% of the white families and unrelated individuals of the State of Virginia earned less than $1,000.00 in 1959.

[fol. 56] 8. 11.0% of same earned from $1,000.00 to $1,999.00.

9. 9.6% of same earned from $2,000.00 to $2,-999.00.

10. 10.3% of same earned from $3,000.00 to $3,-999.00.

11. 10.4% of same earned from $4,000.00 to $4,-999.00.

12. 8.8% of same earned from $10,000.00 to $14,-999.00.

13. 26.6% of the non-white families and unrelated individuals in the State of Virginia earned under $1,000.00 in 1959.

14. 19.5% of same earned from $1,000.00 to $1,-999.00.

15. 17.0% of same earned from $2,000.00 to $2,-999.00.

16. 13.2% of same earned from $3,000.00 to $3,-999.00.

17. 9.4% of same earned from $4,000.00 to $4,-999.00.

18. 1.2% of same earned from $10,000.00 to $14,-999.00.

19. The median income for white families and unrelated individuals in the State of Virginia for the year 1959 was $4,608.00.

20. The median income for non-white families and unrelated individuals in the State of Virginia for the year 1959 was $2,231.00.

(s) Table 16 of the aforesaid volume of said Federal Census states the following information:

(1) The total number of white citizens in the State of Virginia in 1959, 21 years of age and over, was 1,876,167.

(2) The total number of non-white persons in the

[fol. 67] PROCEEDINGS

The Clerk: The first case this morning is Civil Action No. 3253, that is, Annie E. Harper, Gladys A. Berry, Curtis Burr and Myrtle L. Burr, on behalf of themselves and others similarly situated, vs. Virginia State Board of Elections, Electoral Board of Fairfax County and Waneta M. Buckley, General Registrar of Fairfax County; the pending case of Civil Action No. 3346, that is, Mrs. Evelyn Butts vs. Albertis Harrison, Governor of the Commonwealth of Virginia, Miss Mary Dudley, City Registrar of Norfolk, Virginia, Alex H. Bell, City Treasurer of Norfolk, Virginia, and William Prieur, Clerk of the Corporation Court of Norfolk, Virginia.

Are you ready, Mr. Jordan? Is Mr. Jordan present?

Mr. Jordan: Yes, we are ready.

Judge Bryan: Now, let's see, gentlemen. The cases have been consolidated for hearing.

Are counsel here representing each of the plaintiffs in No. 3253, that is the Harper case?

Mr. Schwartz: Yes, Your Honor. My name is Philip Schwartz, of the Arlington Bar.

I would like to introduce Mr. Allison Brown, of the Washington Bar, and also a member of the Fourth Circuit Court of Appeals and the Supreme Court Bar.

[fol. 68] Judge Bryan: And he will be associated with you in representing the plaintiffs in 3253?

Mr. Schwartz: The Harper case, yes, Your Honor.

curiae.law.yale.edu

Judge Bryan: All right. Let Mr. Brown's name be entered of record as counsel.

Now, in 3253, are the appearances by counsel here for each of the three defendants?

Mr. Harris: Yes, sir. I and Mr. Button are representing the State Board of Elections, and Mr. Donald Crounse, Assistant Commonwealth's Attorney for the County of Fairfax, is representing the local election officials in that case.

Judge Bryan: Does that include the General Registrar——

Mr. Harris: Yes, sir.

Judge Bryan: —of Fairfax?

Mr. Harris: Yes, sir.

Judge Bryan: Now, in what was Civil Action 4658 on the Norfolk docket is——

Mr. Harris: 3346.

Judge Bryan: —is 3346 on the Alexandria docket, and the plaintiff is Mrs. Evelyn Butts.

Is counsel here representing her?

Mr. Jordan: Yes, Your Honor.

I am Joseph Jordan, Norfolk, Virginia. This is Mr. [fol. 69] Max Dean, of Detroit, and Mr. Robert Segar, of Detroit, associated counsel.

Judge Bryan: I see. They will be associated with you?

Mr. Jordan: That is correct, sir.

Judge Bryan: In representing the plaintiff, Butts?

Mr. Jordan: That is correct, sir.

Judge Bryan: All right. Let their names be entered of record, then, as counsel.

Mr. Dean: Then, Your Honor, we of Flint, Michigan.

Mr. Jordan: Flint, rather than Detroit.

Mr. Dean: Flint, rather than Detroit.

Judge Bryan: Now, Mr. Harris, in the Butts case, you represent the governor?

Mr. Harris: Yes, sir.

Judge Bryan: And who represents Miss Dudley and Mr. Bell and Mr. Prieur?

Mr. Harris: Mr. Alfred Whitehead, the Commonwealth Attorney for the City of Norfolk.

curiae.law.yale.edu

Judge Bryan: All right, sir.

Now, I take it that no evidence is required here. There seems to be no factual dispute, is there?

Mr. Brown: The plaintiffs in 3253 do not have any evi-
[fol. 70] dence to offer, sir, and don't feel that there are any factual issues.

Mr. Dean: The plaintiffs in the Harper case, Your Honor, had intended to offer evidence. We had listed certain witnesses—Excuse me—in the Butts case, and the witnesses are here and we did intend to offer them. The testimony, I assume, will be not extensive, but, especially in view of objection to an affidavit that was filed, Mrs. Butts, I believe, will have to take the stand to support the theory of our case, and we have other witnesses.

Judge Bryan: Now, you are speaking about the Butts case?

Mr. Dean: Yes.

Judge Bryan: Now, let me go back to the Harper case.

Mr. Harris, counsel for the plaintiff, says he has no evidence to offer. Do you have any?

Mr. Harris: No, sir, we don't intend to offer any evidence, except what we have filed in the form of exhibits in either of the cases.

Judge Bryan: Now, did you file exhibits in 3253?

Mr. Harris: Yes, sir, we filed exhibits which were made applicable to both cases, since they were consolidated. We didn't file two sets, but we——

[fol. 71] Judge Bryan: Now, is there any reason why those exhibits in 3253 should not be admitted in evidence?

Mr. Brown: No, sir.

Judge Bryan: Well, they will be treated as in evidence now.

Now, tell me what type of evidence you think that you have to introduce in the Butts case.

Mr. Dean: Mrs. Butts, Your Honor, will testify that she is eligible to vote, has voted in the past and has paid the poll tax in the past; that the poll tax was an economic hardship on her, that it has been a hardship for many years, and that she finally did not pay it because of the hardship,

curiae.law.yale.edu

and that she wants to vote, and that she does not pay the poll tax solely because of her economic condition. She does not have any income of her own. She is supported solely by her disabled husband, who receives a veterans pension as his sole income. And they have supported their children, including a 15 year old daughter at home, and provide a home for a 90 year old father of Mrs. Butts.

Mr. Brooks would testify that he has been a salaried employee of the NAACP, engaged solely in voter registration and get-out-the-vote campaigns, and that he has supervised the organization of these campaigns, and has personally attempted to get people to pay their poll tax and regis- [fol. 72] tered and vote, and that the statements that are made to him, and we offer them, not for the truth or falsity, but for the wide spread reasons that are given, that they would not register and vote because they cannot pay their poll tax. He has observed the homes of these people, has seen their clothing, their personal property, their dwellings, and that he can observe and testify that these people are poverty stricken.

Another witness is Professor Ogden, of the Eastern Kentucky University, the head of the Political Science Department, who has written a book on the poll tax and conducted an extensive study of it in Texas, Mississippi, Arkansas, Virginia and Alabama. This book was published by the University of Alabama Press, and he addressed himself to the impact on elections of the poll tax, and that he has studied the census figures for the State of Virginia, which are in exhibit here. He is aware of the economic conditions, the economic groupings in the state and economic status of poor white people and poor Negro people, and that, from his studies and knowledge as a political scientist, from his investigation, personal and through the writings of others, the expert knowledge and as an expert witness, that he can testify that the poll tax is an impediment on voting, does deter people from voting and does inhibit voting.

Judge Bryan: Now, Mr. Harris, without admitting the [fol. 73] truth of the statements in this proffered testimony, would you be willing to agree that if these witnesses took the stand, they would testify to that effect?

Mr. Harris: Yes, sir, with the possible exception of one item, and that is Mrs. Butts' testimony, and I would be

curiae.law.yale.edu

inconsistent in saying that I would agree to that since I had filed a motion asking that an affidavit which she filed be stricken because, essentially, she has said the same thing in the affidavit that she stated she would say from the stand. You remember, when we argued the question for admission of facts, and the motion I filed in objection to that, Your Honor asked me, with reference to one item, I think it was Mrs. Butts having voted in a federal election, asked me if we would accept an affidavit from her as to whether or not she had voted in the last federal election, *asked me if we would accept an affidavit from her as to whether or not she had voted in the last federal election.* You will recall that I had stated we had no way of looking at the voting list, and so on, and determined that she did file an affidavit, but, instead of confining it to that one item, she managed to sneak in three or four other things, so, consequently, I was forced to file a motion objecting to the affidavit, so we are left now with nothing with reference to that feature, but, other than that, I would not object to her testimony, except as it relates to the item I have [fol. 74] just mentioned.

Judge Bryan: Subject to your objection?

Mr. Harris: I am talking about if they did testify, that they would so state.

Judge Bryan: Can't we agree that if they took the stand, they would make the statements that counsel has just said they would make?

Mr. Harris: Yes, sir, except we object to the testimony of Mr. Brooks and Professor Ogden, as being inadmissible because it is irrelevant, but, other than that,——

Judge Bryan: You do not admit the truth of it, nor do you admit the relevancy of it?

Mr. Harris: Right.

Judge Bryan: Simply they would make the statement,——

Mr. Harris: Right.

Judge Bryan: —and, with that, would you have any evidence you wanted to put in transversing it?

Mr. Harris: No, sir.

Judge Bryan: All right, then. Suppose we let the record stand in that fashion, that it is stipulated that these witnesses would make the statements that you have just recited; that you would call on them to make; but that

curiae.law.yale.edu

the truth of them is not admitted by the defendants, and [fol. 75] the defendants still press their objection to the relevancy of certain parts of it.

Mr. Dean: Well, I have no objection to that, Your Honor, and I realize the Court's purpose is to save valuable time. The only thing is, I think, my brief statement does not convey to the Court the value and depth of the study that the Professor has made in this area, and that is my only reservation.

Another feature of the study is that, due to the fact that there are proportionately twice as many poverty stricken people among the Negro group than there are among the white group, proportionately, that the economic impact and impingement upon the Negro people is, therefore, greater just because of the economic status of the people.

Judge Bryan: You can draw on that in your argument, can't you, and enlarge on the implications of this testimony, the foundations of which you have stated so as to direct our attention to such part of it as you think is salient?

Mr. Dean: I do wish to make one correction, Your Honor, in regards to our claim that I made personally at the last hearing, that Mrs. Butts had voted in a federal election without paying the poll tax; that I was in error; that she has not voted in a federal election, and there has been none since she could vote in, and I mis-spoke myself.

Judge Bryan: All right. Thank you, sir.

[fol. 76] Now, I asked you about the exhibits in 3253. I did not ask you about the exhibits in the other case, entitled the Butts case. I think that one side or the other have both offered exhibits in that case.

Mr. Harris: Yes, sir. As I stated, we offered a set of exhibits which were relevant and went to both cases.

Judge Bryan: Both cases?

Mr. Harris: So the only difference in exhibits is what has been done by the plaintiffs.

Judge Bryan: All right.

Now, then, have you offered any exhibits in the Butts case?

Mr. Dean: Yes, Your Honor. We have presented an exhibit list, and they have been supplied to the Court and to all counsel.

Judge Bryan: All right.

curiae.law.yale.edu

Is there any objection to treating those exhibits as being in evidence?

Mr. Harris: Yes, sir, we object to most of them as being irrelevant and, therefore, inadmissible. We have articles from the U. S. News and World Report, we have articles from the Economist, we have a wealth of statistical data. We have quotes from the proceedings and debates of the [fol. 77] Constitutional Convention of the State of Virginia in 1902, among other things, all of which we object to as being irrelevant to the issues in this case.

Judge Bryan: We will take them in evidence, subject to the objection. We have no other way of handling it because we can't rule on them until we read them, and after we read them, they are equivalent to being in evidence.

Now, gentlemen, these two cases have closely interwoven, if not identical issues, and, I presume, they may, in fact, should be argued together, and, I take it, since it is a narrow issue, that a half hour for the plaintiffs and a half hour for the defendants ought to be adequate time for the presentation and argument. All right?

Mr. Brown: That is right.

Judge Bryan: And if you have any preference how you want to lead off in the argument, which case comes first——

Mr. Brown: Your Honor, did I understand you to mean a half hour for the plaintiffs to use together in defense?

Judge Bryan: Yes.

Mr. Brown: I don't feel that the plaintiffs—that we could quite cover our argument in that length of time.

Judge Bryan: Whoever argues first is going to do a lot of the argument for the other plaintiff because the issue is going to be almost identical. It will not take you more [fol. 78] than a half hour together to present the case. Then, if you need a little extra time for rebuttal, well, we will provide it.

Mr. Dean: Your Honor, there are some pending motions to dismiss. I wonder if I might suggest to the Court that those motions be considered separate from the argument on the merits of the case.

Judge Bryan: What is the nature of it? It is a motion to strike the affidavit? What is the other one?

Mr. Dean: I believe there is a motion in the Butts case that she lacks the capacity and standing to bring this suit, and there are some other claims on the part——

curiae.law.yale.edu

Judge Bryan: I think Mr. Harris can include that in his argument on the merits of the case.

Do you want to open first with 3253 or with the other case?

Mr. Brown: I believe so, yes, sir.

Judge Bryan: All right.

(Whereupon, Allison W. Brown, Jr., Esquire, argued in behalf of Mrs. Evelyn Butts, which argument was stenographically reported but not transcribed at the request of counsel.)
